style**sense** > space savers

Pack a one-two punch with **space savers** that perform more than one function

1

The Theodore Sleeper Settee, shown in Wayfair Cement, is small-space friendly and features a pullout bed to host an out-of-town guest in style. Starting at \$3,345. Safavieh in Livingston or JESSICACHARLES.COM.

2

John-Richard's classic De Wolf Card Table gives the traditionally masculine gaming table a dainty French twist. The refined gray Ultrasuede top is practical for any game, and the pullout corners are a cradle for a welcomed drink. JOHN-RICHARD.COM.

3

Caracole's Hidden Agenda appears to be a narrow (16-inch-deep) open storage cabinet with two drawers for your favorite books or collectibles. However, flip up the back panel and pull out a gate leg to create a dining table for two, a desk for a guest room or a floating table with storage for games. \$1,136. CARACOLE.COM.

4

The Elements Bookcase Desk from Bernhardt works in a bedroom, great room, kitchen or elsewhere. The slanted ladder shape features a drop-down work area with four small drawers and wire management. Three drawers and adjustable glass shelves comprise the lower half. Sand or Bark (shown). \$2,125. BERNHARDT.COM.

5

Made by Sligh for Lexington, the Westlake Work Table is a dual dining and work surface in a weathered Driftwood gray finish. Features include a cast metal door over a center charging station, four drawers (one on each side), two doors with adjustable shelves (on the sides) and two adjustable shelves on each end. \$2,849. LEXINGTON.COM.
