The Robb & Stucky Furniture & Interiors' Design Team Wins a 2018 Design Excellence Crystal Award for the Panorama Tower Model

Miami, Fla. (September 29, 2018) – Robb & Stucky model residence at Panorama Tower, an 85-floors 842-unit high-rise tower by the Florida East Coast Realty Group has won a prestigious 2nd place at the 2018 Design Excellence Crystal Award in the Showhouse / Model Category. The American Society of Interior Designers Awards represent the Society's highest level of professional recognition!

Robb & Stucky's Interior Designers, Maria Elena Holguin, ASID and Deborah Dawson, accepted the award for designing and creating the acclaimed interior for the 842-tower residence model. The model includes two bedrooms, two bathrooms, an open great room, island kitchen, terrace spaces & included in a 1632 square ft of total living space.

Holguin and Dawson furnished the model with a chic, vibrant style in mind while also providing a design that would attract a wide variety of people that would love to live, work and play in Brickell. Upon entering the apartment, the bar is painted with the Benjamin Moore color of the year Caliente and the color is added to some elements throughout the apartment. The palette for the spaces is white, grey, red, orange and some teal. The furnishings have clean lines and are upholstered with fabrics and leather textures.

The view of Biscayne Bay and the adjoining sites of bustling Brickell sets the tone for the design of the model. The seating arrangement includes a curved sofa upholstered in a dark grey suede, a fabric chair and 2 ottomans. There is also a dedicated work space area with a glass top desk, acrylic chair and contemporary artwork.
